SUPPLEMENTAL PRELIMINARY AMENDMENT

Commissioner of Patents
Box Amendment
U.S. Patent and Trademark Office
Washington, D.C. 20231

Sir:

Prior to examination of this application on the merits, please amend the above-identified application as set forth below and consider the remarks that follow.

IN THE DRAWINGS

Please amend the drawings as set forth in the attached Request for Approval of Drawing Changes.

IN THE SPECIFICATION

Please cancel the originally filed specification and substitute the enclosed substitute specification. The original specification was based on an English language translation of the German Priority Document and, as such, contained some awkward grammar and syntax and in some ways did not conform to typical U.S. practice. The substitute specification conforms the specification to more typical U.S. practice.
